

# Hate Everyone (Secret Origin Version)

## Say Anything

Did you know that there are people in the world  
Annoyed with all the other people in the world  
And of all these angry people in the world  
I am the angriest boy when I was sat into the earth in a stream of guts  
By mother nature that green eyed slut  
I wasn't the first to get forced from a cut  
One to whom I still shall stay stuck  
Staring from the cradle my eyes take in  
The baby speak of my brain dead kin  
To goo goo googles reflecting the grin  
Of a chubbed faced alien  
Well if you think I'm being harsh  
Well baby keep on counting stars cause I hate everyone  
I hate everyone  
I hate everyone  
Upon this cursed earth then I grew a few hairs where the sun don't shine  
Pack me in a classroom to count the time  
Studying the history of men's minds  
Chasing tail and committing hate crimes  
Rich hippy girl with the gas guzzler  
Forced myself to fall in love with her  
She was so strung out she swear it never occurred  
The honkey king went back on his word  
The next one did the same  
The blind leading the lame all together now  
I hate everyone  
I hate everyone  
I hate everyone  
Upon this cursed earth how does it make you feel to be wanted (whoa)  
How does it make you feel to be one of many  
How does it make you feel to be blunted  
How does it make you feel (2x) (i hate) actors who seem genuine  
(i hate) my x girlfriend though she's feminine  
(i hate) the singer with the denim shirt I hate everyone (i hate) that hospital in Texas  
(i hate) the rapper in the Lexus  
(i hate) the pills I ate for breakfast hate everyone  
I hate everyone  
I hate everyone  
I hate everyone

I hate everyone  
Cause admired in hypocrisy  
Yeah I'm still down with jc  
I guess that everyone includes me  
And that's why I'm a humanist  
YEAH
