

# BLESSA

## THEMFK

Come home in the summer  
Live a life that you miss  
It's alright  
I'll fill you in  
Don't you wait  
For me to call your name again  
I see the wind blow into my shoes  
Each (?) cuts into my nerves  
It's hard to let you come on in  
And let you know that i was hurt  
Search for a life

Every second  
Every day, every night  
It's a blessing  
I found a job  
I do it fine  
Not what i want  
But still i try  
I see the wind blow into my shoes  
Each (?) cuts into my nerves  
It's hard to let you come on in  
And let you know that i was hurt
