Tender Trip on Earth

Tristania

Another day
The next page
Still in daze
Still in a dream
Out of the pipe
My lust for life
Comes and goes
From above
Demanding purity
Sobriety
Cursing me like a sledge
Hammering down at me
Hammering down... At me!!!Out of the water-pipe
I suck my lust for life
And all my floating dreams... It seems
Up on the gallery
God shouting down at me
Something I can not hearTears falling from the sky
Words from a lullaby
Everything beautiful dies
For now, we're hanging in
Though we are blessed with sin
You make my tired heart singYou can be a sunbeam
And shine for a while
For a while...
You can laugh a lot
And bring out that smileFor now, we're hanging in
Even though we're blessed with sin
You make my heart...
You make my tired heart sing
You make my tired heart singPain
Scars
Blood
Mind
Fear
Eyes
Wound
Die
Bleed

Tears
Hopes
I
Dead
Hate
Years
That... Can be I don't fear!!!Tears falling from the sky
Tears falling...
Tears falling...
Tears falling from the skyI'm on a tender trip (I'm on a tender trip)
Slowly I'm losing grip (Slowly in losing grip)
Madness is in the air... I fear (Madness is in the air... I fear)
Stay, you're my Acid Queen (I am your Acid Queen)
Stay on my faded team (On my faded team)
Run through the corridor... With meTears falling from the sky
Words from a lullaby
Everything beautiful dies
For now, we're hanging in
Though we are blessed with sin
You make my tired heart sing
