

Leave Her Alone (feat. Memphis Bleek & Freeway)

Nate Dogg

[Chorus: Nate Dogg]

Never leave me alone (never leave me alone)

Leave me alone (never leave me alone)

Never leave me alone (never leave me alone)

Leave me alone (never leave me alone)

Never leave me alone[Nate Dogg]

They tell me that temptation, oh, is very hard to resist

You tell me that you want me, i tried to hide my feelings, d-o-gs

Ain't supposed to feel like this

You can call it what you want to, but I don't even know what it is

You've got me singing in the morning, you bring me breakfast in my bed

And when it hurts you rub my head

Ill ask you one time only, baby, wont you be there when its hectic

When I don't have a hit record (never leave me alone)[Chorus][Nate Dogg]

Ive traveled so many places, I've seen so many faces

There were times I didn't think Id make it through (alone)

I went through so many phases, that got me so many cases

Three strikes you're gonna then what you gonna do

I guess Ill call my lady, and tell her to kiss my baby

They tell me that crime is all I know how to do

Tell him his daddy's sorry, let him know all about me

There's one more thing Id really like for you to do[Chorus][Snoop Dogg]

Somebody was naughty when they snitched on me

A'm mobbing through the county mainline

Back in 9500 just trying to handle mine

Spitting game at the homies about the good ol days

As we try to pass time waiting for the chain to chino

I see no reason to cry but I miss my baby boo

And my nigga spanky too

Its true that the dirt I did from an o.g. to a snotty nose kid

Got me caught up in the rapture like maze days gone by

And real gs gon cry

But I try to walk the yard with my head to the sky

And hope my baby boo ain't fucking niggas on the outside

But whats the chance it ain't cracking

If I was out and she was in Id probably be macking

I cant lie

So I say I would now my girl in a world of player hood

A player should show a nigga love and look our

But the niggas I know would probably turn your ass out
So keep away better yet stay away
And hope I get out one day, OK
But if I don't I guess this is home
My girl is tripping she got a block on the phone[Chorus]
