The Lemonheads

Don't wanna get stoned
Don't wanna get stoned
But I don't wanna not get stoned
I don't wanna not get stoned

Don't wanna get high
I don't wanna get high
But I don't wanna not get high
And I don't wanna not get stoned

Wanna knock things down
I'm not gonna knock things down
But I don't wanna not get stoned
So I'm not gonna not knock things down

Don't wanna think twice
I don't have to think twice
But I'm not gonna get high
I I'm not gonna get stoned

Style

Not gonna come round
I don't wanna come down
I just want a killer line
And I'll figure it out myself

Don't wanna get stoned
I don't wanna get stoned
But I don't wanna not get stoned
I don't wanna not get stoned
