Nocturnal Crucifixion

Cacodaemon

Blinding My Eyes, The Light Of Indencency, Exalted Demise, Morbid Complexity, Walkting The Path, Demonic Heredity, Reaching The End, It Opens Before Me, Unyielding To The Astral Powers, I Forsee The Unknown, Eternally They Are Chanting, Immortaly They Are Spawning, As I Watch They Stare At Me, A Gace Of Pure Insanity, Immersed In Darkness So Completely, I Find Myself Alone, Drinking From Ancient Waters, I Become One With Them, Unholy Shrouds, Incantations Shower Me, Unveiling The Secrets To Truth, Why I Must Die, Preach And Prophosize, Believers Are Taught That THeir Soulds Are Forgiven, Await The False Afterbirth, Feeling The Pain Inside From Out, Reliving The Past Once Again, Lascivious Lust, I Want To Believe, Succomb To The Horrid Disease, Stagnant And Old The Prophecy Told, Undying The Books Decieve, Forgotten And Spent, Rotting Alone, Forever To Suffer And Grieve
