I Can't Breathe

Audiovent

You wanna feel me
Can't defeat me at your game
You buy and sell me
Separate me from my nameAnd I want you to once invert the wrong
'Cause I can't breathe
And I want you to once admit I'm rightYou come with something
But it's nothing that I need
You violate me, have to break me to breatheAnd I want you to once invert the wrong
'Cause I can't breathe
And I want you to once admit I'm rightYou point your finger
I'll play that game with you, with you
I just can't beleive things we sayAnd I want you to once invert the wrong
'Cause I can't breathe
And I want you to once admit I'm right
And I want you
