Hip Replacement

Paris, Texas

Start a fight with a cherry bomb
Friday night and all action, all gone
All go, go, go
In the face with a finger gun
Corner kids sight the pretty ones
All eyes in the know, know, knowHands laced up against the wall
Im half spun, horizon tall
Were the ones who need new heroes
And what to do, rowdy the sons
Ready the new, everyone actionAnd if a white hat isnt pissed off
Then I'm not trying
Gorilla glances at my table
But am I trying
Im not trying this anymoreWe need a hero who wears his heart out trading cuts
With the pretty kids, thats what you did, thats what I did
We need a hero who wears her heart out riding
The high side all of her life, you should do this so should IEnd the night with the rising sun
Through the window with a kid on top
But on, on fills me in on what we did
Shake my head, an astonished, no red roseIn the kitchen a group all gone, all go, go, go
Came black and white lights, red and blue
Were the ones who need new heroes
And what to do, rowdy the sons
Ready the new, everyone actionAnd we will pinch and we will fight
And we wont stop 'til we make it right
Its what we believe in
'Cause you said you would never ever stop
I said I would never ever stop
believing, am I believing
Im not believing you anymoreWe need a hero who wears his heart out trading cuts
With the pretty kids, thats what you did, thats what I did
We need a hero who wears her heart out riding the high side
All of her life you should do this, so should IWe need a hip replacement
We need a hip replacement
We need a, we need a, we need a hip replacement
We need a hip replacement
We need a hip replacement
We need a , we need a, we need a hip replacementWe need a hero, we need a hero, we need a hero
We need a hero, we need a hero, we need a hero

We need a hero, we need a hero, we need a hero
We need a hero, we need a hero, we need a hero not a hip replacement
