Walkie Talkie Man

ã‚¹ãƒ†ãƒªã‚ªã‚°ãƒ©ãƒ

{One two three four}Well you're walkin' and a talkin'
And a movin' and a groovin'
And a hippin' and a hoppin'
And a pickin' and a boppin'
Those bods are being bad
You better take a stand
You gonna wake up that thing in your hand
You're looking all around
There is trouble to be found
Make sure when you find it you get to say it loud
Gotta code three need back up
Bring me my bright red fluro jacketHe's fat and he don't run too fast
Well you're walkin' and a talkin'
But he's faster than me
Show my walkie talkie man
Last night at the show we saw him
We'r walkin' and talkin'
Going out of his tree go go go goWell you're walkin' and a talkin'
And a freakin' and a yellin'
And a bossin' and a speakin'
And a lookin' and a pointin'
Always tell us what to do
With your high top shoes
And you wave your torch
With your black short shorts
Don't let em get away
Don't think they can play
Nail 'em to the wall
'Cause you really need to say
Gotta code three need back up
Bring me my bright red fluro jacketHe's fat and he don't run too fast
Well you're walkin' and a talkin'
But he's faster than me
Show my walkie talkie man
Last night at the show we saw him
We'r walkin' and talkin'
Going out of his treeHe's fat and he don't run too fast
But he's faster than me
Last night at the show we saw him

Going out of his treeHe's fat and he don't run too fast
But he's faster than me
Last night at the show we saw him
Going out of his tree
He's a walkie talkieWell you're walkin' and a talkin'
You're my walkie talkie man
Well you're walkin' and a talkin'
And a movin' and a groovin'
And a hippin' and a hoppin'
And a pickin' and a boppin'
Those bods are being bad
You better take a stand
You gonna wake up that thing in your hand
You're looking all around
There is trouble to be found
Make sure when you find it you get to say it loud
Gotta code three need back up
Bring me my bright red fluro jacket
