

Butter & Eggs

Shana Cleveland & The Sandcastles

All I wanna do is drive you
But you don't trust me with nothing at most
From a mansion you were born
To take as much as you could hold
What would it take for me to see you
Away from every scene in town
And the open wave and when I
Pull the truck around
Under the table, smell the sultan sea
Wonder when we're getting off
I can't pretend to be
Somewhere remote you'd never go with me
