

Entropy (feat. Bleachers)

Grimes

[Verse 1]

Everything I've ever known is wrong

Oh, what's the matter with me?

Did I even want it?

Did I just assume that's how it had to be?[Verse 2]

Throw a ball, it's bouncing off the wall

That's how I harm you first

Did I really need it?

How can something so free feel so rehearsed?[Chorus 1]

Calculate the entropy

Running out of energy

A lack of love or empathy

Leave me lonely[Chorus 2]

Calculate the entropy

Let it pop in front of me

Or needed friend or enemy

Leave me lonely[Verse 3]

Every day I let the music play

It seems to play by itself

Did I let it bleed me?

Did I head it back until it bled itself?[Verse 4]

How the birds came singing to my song?

How can they stay in the sky?

Maybe they're just screaming

Maybe it's not music and it's all a lie[Chorus 1 + 2][Bridge] [x2]

E-eh, e-eh, e-eh, eh

E-e-eh, eh[Chorus 1 + 2][Chorus 1][Outro] [x8]

Keep me lonely
