

Urban's On the Country Radio

[Randy Owen](#)

Oh, radioIt's 6:11 and sixty two
At First Southern with the cool drive through
Goody's I can see
It's fast cash and free checking Walmart and GNCCar wash is flashing, it's half price signs
Oh babe, what I'd give to see them flash in your eyes
Yeah, and looking across the road from Domino's
And Urban's on the country radioOh, I wanna cry in stereo
Enhanced by that Aussie audioI see your name in the subway lights
Those dim blue letters seem bluer tonight
Yeah, I gotta quit counting these you less days
Eat take our pizza's or just stay out lateYeah, I'm all by myself
Ain't that how it goes
Urban's on the country radioOh, I want to cry in stereo
Enhanced by that Aussie audio
Yeah, Urban's on the country radio
Urban's on the country radioRadio
Oh, the same ole, same ole, same ole radio
