Down So Long

Ol' Paint

Someone's always winning they say
Tomorrow will be better than now
All things come to those who wait
But I don't see how

Someone's always laughing somewhere
Wish I knew where to go
Life is long enjoy yourself
I don't think so

Been down here so long
It can't really be
Been down here so long
It looks like up to me, to me, to me

Someone's always smiling someplace
Things aren't so good around here
If I had the choice to make
I'd disappear
