My Kind of Beautiful

Andy Griggs

She's black smoke formin' across the sky
I ask for a water and she brings me wine, she brings me wine
She's one part angel and the other part sin
I say I'm tired and she says, Lets go again, lets go againMy kind of, my kind of beautiful
Lover and friend
If I'm dreamin', please don't wake me up
I wanna see how, how the story ends?She's a bad moon risin', she's the sunlight through the rain
She the calm before the storm, yeah she's a hurricane, a hurricane
Oh now, Sunday mornin' service, with that look in her eye
I never heard the preachers words but I saw the light, I saw the lightMy kind of, my kind of beautiful
Lover and friend
If I'm dreamin', Please don't wake me up
I wanna see how, how the story ends?
I wanna see how it ends?If I'm dreamin' please don't wake me up
I wanna see how, how the story ends?My kind of, my kind of beautiful
Lover and friend
If I'm dreamin', please don't wake me up
I wanna see how, how the story ends?Oh, my kind of beautiful
Oh, she's my lover and friend
Oh, my kind, my kind, my kind
Yeah, my kind of beautiful
