

# Delicious

## Borgore

[Hook: Borgore]

Haters gonna hate, haters gonna hate  
But I'll be fucking models while they sit and masturbate  
Son you run your mouth only cause you've got nothing  
Your life being suck like your mom's skills at sucking

Haters gonna hate, haters gonna hate  
When god was giving talent foes were just to late  
So they try to put me down but it makes me more ambitious  
Success is sweet but revenge is so delicious

[Verse 1: Borgore]

Social networking's a zoo and I'm playing the vet's role  
Cause 12 year old apes think they can go gangsta on my wall  
Fool I've been in a tent when they shot mortars at me  
While you've been at home, playing c.o.d

And because you've got no back spine, you try to fuck with mine  
Loser, can't you see the big fucking sign?  
You criticize people, this is all you do  
But fact is that you know me, but I don't know you

[Hook: Borgore]

Haters gonna hate, haters gonna hate  
But ill be fucking models while they sit and masturbate  
Son you run your mouth only cause you've got nothing  
Your life being suck like your mom's skills at sucking

Haters gonna hate, haters gonna hate  
When god was giving talent, foes were just to late  
So they try to put me down but it makes me more ambitious  
Success is sweet but revenge is so delicious

[Verse 2: Borgore]

Jealousy is a bitch, and I'm making bitches jealous  
I'm not mad I feel pity for them fellows  
Insulting me, won't get you famous  
I'll keep on progressing while you'll keep eating anus  
Haters will be hating, Haters will be hating  
But I won't change a bit, I'll keep doing the same thing

I might fall but I'll come back more ambitious  
Success is sweet but revenge is so delicious
