

Underneath A Beating Heart

[Rosi Golan](#)

Sheets falling and forming shapes, drowning to stay awake
Closing my eyes to make sure you're still here
Holding my every gaze, savor and keep them saved
In just a moment light of day will break Oh oh oh oh so oh oh oo oh oh so
Let's lay low let's lie right here
Underneath a beating heart everything will disappear
Let's low low let's lie here tonight
Underneath a beating heart everything will be alright Let's let all the fading stars remind us of where we are
I know they may seem far away but this seems like the time to say
All that I need to say Oh oh oo oh oh so oh oh oo oh oh so
Let's lay low let's lie right here
Underneath a beating heart everything will disappear
Let's low low let's lie here tonight
Underneath a beating heart everything will be alright
