

Energy

Shinedown

You make it up as you go along.
Why pretend that you're something that you're not?
I believe in you and always will
Ever since you told me you're for real
Inside, emotional mood swing soon collide.
Now gather up all your tenacity.
Take my hand 'cause I set you free.
[Chorus]Who cares who's there to stare
And tell you how I look?
I'm not even sure they know you by name.
Who cares who's there to share what they think of you?
Everybody here plays the same fucking games.
Alright, alright, alright,
You're such an energy.
Alright, alright, alright,
You're such an energy.
Let me see your fly,
Put your fist up in the air.
Alive, that's how I want you to feel tonight.
Live, you're only here once, so do it well.
Fight, you all need to rise up and give them hell,
There is no reason to wonder if you should.
Go tell them you can't be bought or sold.
Break your silence and tell them who you are,
'Cause they're all witness to a shooting star.
[Chorus]
Who cares who's there to stare
And tell you how I look?
I'm not even sure they know you by name.
Who cares who's there to share what they think of you?
Everybody here plays the same fucking games.
Alright, alright, alright,
You're such an energy.
Alright, alright, alright,
You're such an energy.
Let me see your fly,
Put your fist up in the air.
Tell me how you feel is strong enough.
Tell me, 'cause all eyes are on you now, yeah.

[Chorus]Who cares who's there to stare
And tell you how I look?
I'm not even sure they know you by name.
Who cares who's there to share what they think of you?
Everybody here plays the same fucking games.
Alright, alright, alright,
You're such an energy.
Alright, alright, alright,
You're such an energy.
Let me see your fly,
Put your fist up in the air.
You're such an energy.
Woah you're an energy.
Yeah, you're such an energy.
