

New Town Animal

[Xtc](#)

I think my watch has bust and so is time
I borrowed all my love so nothing's mine
There's nothing decent on the TV page, yeah
Like a new town animal in a furnished cage
Like a new town animal in a furnished cage
Uhh, it's gone eleven and the bar is shut
I'm sitting waiting like a real good mutt
There's nothing decent on the TV page, yeah
Like a new town animal in a furnished cage
Like a new town animal in a furnished cage, yeah
It's gone eleven and the bar is shut
I'm sitting waiting like a real good mutt
I watch the TV with an actor's rage
Like a new town animal in a furnished cage
Like a new town animal in a furnished cage
Like a new town animal in a furnished cage
Like a new town animal in a furnished cage, ooh
