From Break Up to Break Down

Mercutio

I know you're probably waiting for me
I know, this I know
I know you're probably dying to see
If I'll show, if I will show
'Cause you don't want me back, oh no
And I don't want you back no more

I know you're probably thrilled that I'm gone
The thrill, the thrill is gone babe
I know you think that I'm lingering on
But I'm not, you're dead and gone
'Cause you don't want me back, oh no
And I don't want you back no more

What you say is so confusing
I don't know what you're doing
I'd rather be alone than be with you

I know you're probably thrilled that I'm gone
The thrill, the thrill is gone
I know you think that I'm lingering on
But I'm not, you're dead and gone
'Cause you don't want me back, oh no
And I don't want you back no more
