

Trap Out the Uber (feat. Chris Brown)

Bricc Baby

[Hook: Chris Brown]

I'm trafficking bricks, that X is just how I manoeuvre
Whipping that dope, trapping it right out the Uber
You need that work, get it right to ya
I'mma pull up with the trap, bricks we can trap out the Uber
Bricks we can trap out the Uber, bricks we can trap out the Uber
My niggas trap out the Uber, smart niggas trap out the Uber
All of my niggas is shooters, I just pull up in the Uber
Trap out that Uber, trap out that Uber, the trap gon' trap up on me too[Verse 1: Bricc Baby]
You need that chicken, you need them pounds
I might just trap out the Uber
Call up my driver, right out the L
Then I'mma bring it right to you
Nigga I pull up with Ruegers
Nigga I pull up with Ruegers
You try to ride up, I'll shoot you
Yeah baby, you gonna shoot you
Nigga there's room for that money
Driving that Uber, they get that sniping
Making these bitches that icy
I be riding that tummy, I ride with my tummy
I tell 'em I'll send them the car, know I ain't gon' pop it
He tell me can't be
Nig I put the bricks in the trap then back to the trap
And one day, I'm my all[Hook: Chris Brown]
I'm trafficking bricks, that X is just how I manoeuvre
Whipping that dope, trapping it right out the Uber
You need that work, get it right to ya
I'mma pull up with the trap, bricks we can trap out the Uber
Bricks we can trap out the Uber, bricks we can trap out the Uber
My niggas trap out the Uber, smart niggas trap out the Uber
All of my niggas is shooters, I just pull up in the Uber
Trap out that Uber, trap out that Uber, the trap gon' trap up on me too[Verse 2: Chris Brown]
I trap with my niggas from day one
You know my homies is crazy
Better strap up when that day come
My niggas just no hesitation
Calling the driver to pick me up
I got the pack coming the way

It's fresh off the stove, you know I cook
Hop in the whip on delay
Sipping, I pack it up, pack it up
Smoking that California, are you high enough?
Sipping codeine but it's time, are you buying up?
Bitch shake her booty like she doesn't give a fuck
Man I got pills, man I got weed
Trap out the Uber, sipping codeine
The bitch wanna know what it's hitting for
She just wanna fuck with a pretty boy, bitch[Hook: Chris Brown]
I'm trafficking bricks, that X is just how I manoeuvre
Whipping that dope, trapping it right out the Uber
You need that work, get it right to ya
I'mma pull up with the trap, bricks we can trap out the Uber
Bricks we can trap out the Uber, bricks we can trap out the Uber
My niggas trap out the Uber, smart niggas trap out the Uber
All of my niggas is shooters, I just pull up in the Uber
Trap out that Uber, trap out that Uber, the trap gon' trap up on me too[Verse 3: Bricc Baby]
Why would I not take a Uber?
Why would I take the rich driver?
Hoe wanna drive when they get there
Gone off that codeine and molly
I wish that Uber had more
I take them bricks to the hideout
I Uber flights for your bitch
I took her on helicopters
Pull up that chopper
Let them hoes know it's gon' bang if you ride
Pull up the trap
Let them hoes fuck, it's gon' bang if you ride
Pull up the Uber
That Uber, that Uber, that getaway driver
Feel like I'm a god
Trafficking bricks and I'm feeling so high[Hook: Chris Brown]
I'm trafficking bricks, that X is just how I manoeuvre
Whipping that dope, trapping it right out the Uber
You need that work, get it right to ya
I'mma pull up with the trap, bricks we can trap out the Uber
Bricks we can trap out the Uber, bricks we can trap out the Uber
My niggas trap out the Uber, smart niggas trap out the Uber
All of my niggas is shooters, I just pull up in the Uber
Trap out that Uber, trap out that Uber, the trap gon' trap up on me too
