

# Wonder Of Love

John Hiatt

Other half of last night's cigar  
A couple of Pop Tarts  
Cold cup of coffee  
There's a fine new start  
I'm gonna find you  
If it breaks my heart  
Tail wind and God willing I don't even know anymore  
If anything's true  
Don't even know what love can do  
I still wonder though  
If love can pull us thru  
All this time we been killin' It's a wonder of love  
Keeps me up above ground  
The wonder of love  
Keeps me looking all around  
The wonder of love  
Doesn't know when it's down  
That's the wonder of love I'm not even gonna ask you  
Where you been  
I'm afraid if I go with you  
Won't come back again  
What would we be leaving  
This breakfast of champions  
Sometimes I just can't get goin' I've been looking for you all these years  
Sittin' across this kitchen table here  
You pass the sugar and suddenly it all comes clear  
It's the wonder of love that's showin' It's a wonder of love  
Keeps my shirt on straight  
It's a wonder I can even concentrate  
I wonder why I always have to wait  
That's the wonder of love I got down on my knees last night  
And I thanked someone  
For the chance for two people  
To try and live together and not run  
I lost ya that night  
You were gone in the next day's sun  
That's the wonder of love
