Nightfall

Stratovarius

Shades, shades of night
I'm walking through sleeping village
That is having a dream of thousand dreamsMoon is guiding my way through the land
The snow is silently falling
From the sky that is lit by million starsNightfall
(Nightfall)
I feel the breezeNightfall
(Nightfall)
On my faceNightfall
(Nightfall)
And the trees areNightfall
(Nightfall)
Covered with white laceNightfall
(Nightfall)
I feel the breezeNightfall
(Nightfall)
On my faceNightfall
(Nightfall)
And the trees areNightfall
(Nightfall)
Covered with white laceNightfall
(Nightfall)
I feel the breezeNightfall
(Nightfall)
On my faceNightfall
(Nightfall)
And the trees areNightfall
(Nightfall)
Covered with white lace
