

Nightfall

Stratovarius

Shades, shades of night
I'm walking through sleeping village
That is having a dream of thousand dreams
Moon is guiding my way through the land
The snow is silently falling
From the sky that is lit by million stars
Nightfall
(Nightfall)
I feel the breeze
Nightfall
(Nightfall)
On my face
Nightfall
(Nightfall)
And the trees are
Nightfall
(Nightfall)
Covered with white lace
Nightfall
(Nightfall)
I feel the breeze
Nightfall
(Nightfall)
On my face
Nightfall
(Nightfall)
And the trees are
Nightfall
(Nightfall)
Covered with white lace
Nightfall
(Nightfall)
I feel the breeze
Nightfall
(Nightfall)
On my face
Nightfall
(Nightfall)
And the trees are
Nightfall
(Nightfall)
Covered with white lace
