

Save Me

The Shires

Here he goes again
keeping me up all night
He knows every weakness
Just where to stick the knife
I'm fightin', I'm bleedin'
But yeah I'm still breathing
Ooh, it hurts like hell
Oh God I need somebody please
To save me from myself
The girl in the mirror
Looking right back at me, yeah
She knows every fear, every flaw
That I don't want anyone else to see
Oh, it's harder and harder, for me to ignore her
For love the lies that she tells
Oh God I need somebody please
To save me from myself
Woah, but you
You love me for who I am
All the darkness, the down and the fear disappears
When you take my hand
You know my heart like nobody else
You save me from myself
You're the reason I'm singing
You're the beat of my soul
The sunshine and blue skies
You light up my life
I wonder if you even know
You put me out of hell
Ooh, You save me from myself
Woah, yeah you
You love me for who I am
All the darkness, the down and the fear disappears
When you take my hand
You know my heart like nobody else
You save me from myself
Woah, Whoah
Whoah, Whoah, Whoah,
Whoah, Whoah
Whoah, Whoah, Whoah
You know my heart like nobody else
You save me from myself
You know my heart like nobody else

You save me from myself
