Necessary

Dennis Reed & Gap

I am who I am today. Because God used my mistakes. It's working out for my good. Like no one else ever could. I am who I am today beacuse God use my mistakes. It's working out for my good. Like no one else ever could. I am who I am today. Beacause God use my mistakes. It's working out for my good. Like no one else ever. God told me to tell you. It was necessary.
