Merry blues

Manu Chao

So many nights,
With your shadow in my bed
So many nights,
Baby you whisper in my head
So many nights,
Sing along the Merry Blues.I told you once
I told you twice
The Merry Blues. (x2)I can not sleep,
Haunted by your pretty body
I can not sleep,
I want a world set on fire
So many nights
Can't keep from going down loose...(x3)
I told you once
I told you twice
The Merry Blues. (x6)So many nights,
I sing along the Merry Blues.
So many nights,
Can't keep from going down loose.
The Merry Blues... (x3)Hello nadina do you do do do do do
I feel so happy when I see see see see you
You make me sing a like a douba doubad
I know you like it like a zoumbou zoumbou.Hello nadina do you do do do do do
I feel the moody like to picky picky you
I know you like it like a rub a dub stylee
I know you like a marijuana smokey.
