

# Oh My Love

Richard Hawley

Oh my child It's been a while  
I've got my style  
I've got my life  
    Oh my love  
    Oh my love  
You're a cut above the ones who say  
    You're a cut above me today  
        Oh my one  
        Now don't you run  
        It's just begun  
    Oh you're the one Oh my child  
        It's been a while  
    I've got my style it's for you to taste  
    I've got my life for me to waste on the run  
        Oh my love  
        Oh my love  
        You're a cut above  
        All the ones I've loved  
        Oh my love  
        Ah oh my love  
You're a cut above the ones who take  
    You're the one I love and no mistake  
You're a cut above but all my love's too late  
    All my love's too late  
    All my love's too late  
    All my love's too late
