Sizzla

Intro:

Oh ay oh ay yay! Oooh oooh oooh oooh oooh, yea ay yea ay! Verse 1:

They can't keep a gooda man down

Always keep a smile when they want me to frowns

Keep the vibes and they stood my grounds

They will never ever take my crown

Who Jah bless I say no man curse

Things gettin better when they thought it would be worse

Here comes the officers askin for a search, they found no weapon just only a draw of herbs Chorus:

Cause I'm so solid as a rock they just can't stop me now

Even when they set there traps they just can't stop me now

People will say this and that they just can't stop me now

Even when they set up road blocks they just can't stop me now

Verse 2:

When they come with their evilest thoughts i just listen whenever they talk

Jah is the light into my dark, he cut and tear my path

They fight without a cause tryin to make my life so hard

The king of kings and the lord of lords, give it all rewards Chorus: I'm so solid as a rock they just can't stop me now

Even when they set there traps they just can't stop me now

People will say this and that they just can't stop me now

Even when they set up road blocks they just can't stop me now Verse 3: So don't you mix me up with your dirty games, your only tryin to tarnish my name

Your only lookin for the innocent to blame,

when your the ones who issue the guns down the lane

You only cause distruction and frame, but the righteouss will lives and Love is all i got I give and I'm not ashamed, lookin towards the future this lion can't tame"chorus"

So they can't keep a gooda man down

Always keep a smile when they want me to frowns

Keep the vibes and they stood my grounds

They will never ever take my crown

Things gettin beter when they thought it would be worse

Here comes the officers askin for a search, they found no weapon just a only draw of herbs so solid as a rock they just can't stop me now
