I Want This Night (To Last Forever)

Twisted Sister

Whoa, yeah, this is the night I waited for
Countin' the days, I couldn't take one more
I broke my back, you know I strained my brain, oh yeahAnd now the more I give the less I seem to gain, oh no
Now I'm on my time, I do what I wanna do
It's my time to shine, this is it, I'm breakin' through, ohI want this night to last forever, oh yeah
I want this night to last foreverListen to me now, out on the street the night fills my brain
So many girls to meet, they'll never be the same, ha
My radio's playin' my favorite tune, oh yeahThis is the life, nothin' I'd rather do, no, no
I feel so alive, leave my troubles far behind
Gonna rock tonight, takin' every chance I find, noI want this night to last forever, oh yeah
I want this night to last foreverLet's goAll 'round, 'round the town, up and down, hear the sound
All 'round, 'round the town, up and down, whoa
All 'round, 'round the town, up and down, hear the sound
All 'round, 'round the town, hear the sound, whoa
Come on, let's strollI want this night to last forever, oh yeah
I want this night to last foreverI got to have it
I want this night to last forever, I need it, woman, let's do it, baby
I want this night to last forever, come on, boys, let's goAll 'round, 'round the town, up and down, hear the sound
All 'round, 'round the town, up and down, whoa
All 'round, 'round the town, up and down, hear the sound
All 'round, 'round the town, hear the sound, whoa
Come on, let's stroll
