What We Do

Rotimi

I know I'm probably the last person you expected to hear from
I been doing a lot of thinking and
Shit ain't the same without youI can't stop think'n bout
The shit that we had, I know that you mad
But just hold on hear me out
Sometimes you gatta take the good with the bad
When you trying to figure out
How to sustain, baby we both gatta change
A lot of shit comes with the fame
I fucked up too, I'm just saying
I feel like sometimes you don't understand
You feel like sometimes you not in the plan
You think I'm not there enough and I know
Deep inside you might feel like your sharing your man
You'll say you hate me, you ganna leave
Honestly thats getting hard to believe
We just keep going in cirlces, we back and we forth girl
Is this how its always gon be, no
Ooh, lets get it right, lets get it right
Cuz at the end of the day
I would rather lay with you at night
So don't tell your done, don't tell me its over
Cuz who else know you like I know you
So come over baby
You know
We fight and fuck then fuck
Thats what we do
We break up then make up
Thats what we do baby
So don't you act like this is something new
Cuz this been us girl, this is what we do
Its what we do, Its what we do
Its what we do, what we do
Yeah, yeahAnd Im not trying to with someone new, no
So Id rather just keep doing what we do
Never feels good, I'll always come back to you
I swear its seems like were always laid back too, Yeah
So who are we for trying to be rationalIt's like a cycle
It's like a rotation
