These are just what I predict the lyrics sounds like!I still don't know if you'll stay (all night/or not)
I lost my way forgot my sight
Open your mind please let me in
I won't beg to live in your head
I won't leave you, leave you again
I wanna stay, live in your headWaiting for you why won't you see
Tried a million times but only in vain
Open your mind please let me in
I won't beg to live in your head
I won't leave you, leave you again
I wanna stay, live in your headEpic bassBabe, baby, I wanna live in your head x 3
