

# I Wanna Be King

## Exciter

Hold tough, stand my ground  
Play alone, won't play the clown  
Some say I sealed my fate  
And threw the key awayNow I feel the power  
Surge inside of me  
I'll be the man I wanna be  
I'm tellin' you I'm gonna beKing of the castle  
Ruler of the land  
King of my destiny  
The power's in my hand  
I wanna be kingNo way! People say  
Loneliness is the price to pay  
Wasting my time to claim the crownNow I feel the power  
Surge inside of me  
I'll be the man I wanna be  
I'm tellin' you I'm gonna beKing of the castle  
Ruler of the land  
King of my destiny  
The power's in my hand  
King of the castle  
Ruler of the sky  
King of the castle  
You won't ask whyKing of the castle  
Ruler of the land  
King of my destiny  
The power's in my hand  
I wanna be king, I wanna be king  
I wanna be king, I wanna be king
