

The Guillotine Show

Kwoon

Neil had some great news, he was told wed cut his head.
Dreams of screen idol spotlights
And this day, his dreamll come true.
Hell be a star, a star !Lay down and wait for the kiss of the widow on your neck
Youll dance with the devil in flames
Its gonna be the greatest show in history
So please give a smile to the crowdNeil feels so stressed today,cause its time for his first TV show
Tic Tac Tic, the sound of the end of his death game
Are you scared ? You shouldnt be
The show has begun, bleats in the crowdLay down and wait for the kiss of the widow on your neck
Youll dance with the devil in flames
Its gonna be the greatest show of history
So please give a smile to the crowd.
