

Come Together

Echosmith

Here we are with our backs against the wall
We've got big city dreams
But we don't move from the asphalt
We run away from our own imagination
But at the same time
We've got this amazing fascinationWe've got hopes on the horizon
We can't stop climbing the mountain
We're sick and tired of keeping silent
We are, we are, we are
We are gonna come together
We're gonna come together now
We are gonna run together
We're gonna turn it upside down
With the smoke in the mirror
I can see your face
Let's run to the fire escape
Come together
We're gonna come together nowWho are they with their so-called innovations
They hold on like they found their own salvation
They shy away from the side alteration
But at the same time
They've got the same fascinationsWe've got hopes on the horizon
We can't stop climbing the mountain
We're sick and tired of keeping silent
We are, we are, we are
We are gonna come together
We're gonna come together now
We are gonna run together
We're gonna turn it upside down
With the smoke in the mirror
I can see your face
Let's run to the fire escape
Come together
We're gonna come together nowJust let go
It's a free fall
We're almost home
It's a free fallWe are gonna come together
We're gonna come together now
We are gonna run together

We're gonna turn it upside down (x2)
With the smoke in the mirror
I can see your face
Let's run to the fire escape
Come together
We're gonna come together now
