

# The Swan

**Julee Cruise**

You made the tears of love  
Flow like they did when I saw  
The dying swanThe swan that died in darkness  
I want your smile  
I dreamt of your swan smile  
And then wings moved the airWater rings widened  
As bells sounded  
In the nightThen your smile died  
On the water  
It was only a reflection  
Dying with the swan
