

The Greatest Show On Earth

Point of Grace

I'm trying to shave my legs
UPS at the door
The kids are clownin' on the bed
The dog is scratchin' up the floor
Yeah - Everybody here's just a little crazy
In our hoop, jumping, good lovin' Big Top, babyChorus:
Ooo hoo welcome to the party
Ooo hoo we're just getting started
Take a front row seat
Or the back if you prefer
'Cause to me this three ring
Is the greatest show on earth
Ooo hoo
Ooo hooOh the baby's on my hip and the noodles are boiling over
Little Tommy just brought me a four leaf clover
I'm spinnin' plates 'cause dinner's late and the phone keeps ringing
So I turn up the radio up 'cause I feel like singingCHORUSThere's toys in the yard and the house needs paintin'
And I'm pretty sure the neighbors all hate us
But the view sure looks nice from the front porch swing
I wouldn't trade it for anything, for anythingCHORUS 2xWelcome to the party
Oh welcome to the party
Welcome to the party
We're just getting started
