## **Touch**

## **Clay Aiken**

Blue, is the ocean in your eyes

Blue is cool September skies

As a lonely waterfallRed, is the fire in your

As a lonely waterfallRed, is the fire in your heart

Or the passion of love that we make

As the sunset is fading awayAngel, heaven starts hear

Tonight in your arms

Wanna drown in your body

Get lost in your charm

Now that your here, angel don't go

Lets keep the move nice and slowAll I want is your touch

All I want is your heaven right here

By my side, every night

All I want is your touch

All I want is your tenderness here in my life

Every morning and night

Girl 'cause your touch is so rightYes, I've been thinking about you

I've imagined the feel of your body

And how it will be when we moveDarling, magics alive

Tonight in your arms

Wanna drown in this moment

Get lost in your charm

Now that your here, don't move too fast

Lets make the moment lastAll I want is your touch

All I want is your heaven right here

By my side, every night

All I want is your touch

All I want is your tenderness here in my life

Every morning and night

Girl 'cause your touch is so rightI don't want nobody else

And you see that my body is aching

I'm hopelessly taken by youAll I want is your touch

All I want is your heaven right here

By my side, every night

All I want is your touch

All I want is your tenderness here in my lifeAll I want is your touch

All I want is your heaven right here

By my side, every night

All I want is your touch

All I want is your tenderness here in my life

## Every morning and night Girl 'cause your touch is so right Your touch is so right Your touch is so right
