

Wild

Fred nice

if it's a bunch of fuck niggas in the room
i see a bunch of fuck niggas in the room
if it's a bunch of fuck niggas in the room
the room
ain't no shaking hands
i see a bunch of fuck niggas in the room
best believe i'm still the man
i'm wilder than deontay
bitch badder than beyonce
give a damn bout what they say
because i did it my way
i aint fatty but
yea baby
fucking with me leave ya
dead baby
ooooooooo what i said baby
the money over there i'm like
where baby
i'm like click clack bang
i'm a muthafucking killer
a muthafucking killer
you better get yo dame
before i muthafucking get her
cause you know i can get her (yea)
talk about the hustle, i got it
talk about the struggle, i got it
talk about the lame ass niggas
and lame ass bitches
i got it
it's safe to say i got it (Got It)
walk inside the house no knocking
putting holes in you niggas like stockings
will they remember me
you can keep the rozay, grey goose
i want the hennessy
i remember all the shots they was sending me
didn't want a war, well its finna be
i wanna ride around in something that ain't out
but finna be
and i cant seen with a bitch that aint a ten to me
i cant pretend to be (why)

because i'm the nigga that they wanna be
i can't pretend to be
riding with some niggas so close
that they kin to me
if it's a bunch of fuck niggas in the room
ain't no shaking hands
i see a bunch of fuck niggas in the room
best believe i'm still the man
i'm like click clack bang
i'm a muthafucking killer
a muthafucking killer
you better get yo dame
before i muthafucking get her
cause you know i can get her (yea)
