

# Damnation's Way

## Arch Enemy

[music: J. Liiva / M. Amott; lyrics: J. Liiva / M. Amott]Set me free, let me out of here

From these chains to which I am bound

Time was always on your side

While my final hours slipped away[Chorus:]

Frustration in their minds

The hatred in their eyes

A new breed will now rise

Damnation's wayLosing my grip on reality

Outside this cage I am struck by paranoia

A paradox to all life's mysteries

A never ending trail to follow:I am the sinner upon damnation's way

Always deprived of hope, never to see the break of dawn

My life I lived in the shadow of you

The other side now greets me with open arms[1st lead - Christopher]

[2nd lead - Michael]
