

Visions of a Blind Order

Rotting Christ

Rise up the strength on themIn the name of a fruitful land
In the name of a bright path
Trodden with ignorant steps
Warble out in my cradle' s edgeRex grandis - adustrum - malum - ab erevum
Ac adcervio - malum - ab optimusIn the name of a future calm
In the name of a pure light
Marching with a bright shade
Conquering the entire rangeRex grandis - adustrum - malum - ab erevum
Ac adcervio - malum - ab optimusHe who graces himself a joy
Fell the grief he may destroy
An unending glorious lie
Harm the power and defile
