

Lilith Immaculate (Extended Length)

Cradle of Filth

Church bells resounded like judgment day
As they were making love
In the rainswept graveyard
She fucked him hard, silhouetted by flame
A monsoon Tigress set upon prey
Fall for the love of me
Crawl for the love of me
Drool for the love of my virulent sway
I grow more master the faster the days
Lilith Immaculate
This delectable reaper
Her eyes were profound
Drawing him in deeper
Until he was drowned
Hurled on the shore
Of the world underground
Lilith Immaculate
Mortal kind, a morbid wine
For this dark moon goddess
And freed to stretch her claws
This beautiful whore
Would be brutally honest
Tortuous one, taboos undone
A glittering star on a sea of myriad waves
And a thickening mist, a seductress
Leading lovesick hearts astray
Lilith
In the throes of orgasm, she bucked and he broke
At the height of the storm, the chaos they'd smote
Burning behind her in arabesque smoke
Framed a vision transformed as she sucked from his throat
Victoria smiled, her now golden eyes
Possessed a regal bearing
Of omnipotent power
From wet lips to her smoldering thighs
Her beauty perfected and her will agonized
Fall for the love of me
Crawl for the love of me
Drool for the love of my virulent sway
I grow more the master the faster the days
Lilith Immaculate
With dread single purpose
Her mind told him stay
She strode through the fire
Desire aflame
She murdered the nuns
In such horrible ways
Lilith Immaculate
That night we lay entwined on hay
Inside a soldier's barn
Her panting breath an opiate
As in her bolder grasp
I caught the scent of desert sands

The Holy lands, the fall of reason
 But only when I smelt the blood
 Did I fear her colder hand""I am darkness, I am sin
 The Queen of lust invited in
 Reborn at last to cast my
 Fecund shadow on this world,
 You shall worship me, enslaved
 For many lovers shall I crave
 And in return, I'll gladly pave
 Your psycho path with pearlsFor I have been grating
 And waiting so long to find
 The most perfect hostess close to me
 Whose thin-ice troubled mind
 Was like a cracked, black ornate mirror
 To slip right through in time
 When at last I wore Harmonia's necklace
 The cursed twin serpents mine""Tortuous one, debauchery won
 The attention of Emperors, Princes and Tsars
 For the toll of her kiss, no soul could dismiss
 The advance of her throne from afarThis English rose with traits of those
 Who graced the harems of the East
 Adorned with thorns, she raised the horns
 And scarlet hems to wasted priestsFall for the love of me
 Crawl for the love of me
 Drool for the love of my virulent sway
 I grow more master the faster the daysLilith ImmaculateThis delectable reaper
 Her eyes were profound
 They drew him in deeper
 Until he was drowned
 Hurlled on the shore
 Of the world undergroundLilith ImmaculateFall for the love of me
 Crawl for the love of me
 Drool for the love of my virulent sway
 I grow more master the faster the daysLilith ImmaculateThe flutes and sweet wine
 Of her voice anodyne
 Her power was growing
 Every hour malign
 The truth, Lilith's kingdom
 Drew closer with time
