

# Serious

## Russ

We've been knowin' about each other for a while now  
Ain't no past we could have taken for this lifestyle  
I had a girl, you had a man but that was long ago  
Fallin daily please don't judge me, it was long ago  
I know you ain't gonna wait forever  
I know that it's gonna take more effort  
You ain't gotta tell me what I gotta do to prove it to you, I knowBaby take me serious  
Baby take me serious  
Baby take me serious (mm-hmm, mm-hmm, hmm)  
Baby take me serious  
Baby take me serious  
Baby take me serious (mm-hmm, mm-hmm, hmm)  
ATL, you're on call  
I just toured, I just balled  
I got time now, girl I'm ready  
You so fed up  
You won't test me  
You say I say that I'm busy  
Way too much but you still miss me  
I still fuck you, you still kiss me  
That all you resent me forBaby take me serious  
Baby take me serious  
Baby take me serious (mm-hmm, mm-hmm, hmm)  
Baby take me serious  
Baby take me serious  
Baby take me serious (mm-hmm, mm-hmm, hmm)  
Yuh, I been thirsty since before your water broke  
I been thirsty since before Tha Carter IV  
You teach Spanish and you look nice in the coat  
Life is falling into place, but not in love  
I'm still tryna see you even though I fucked already  
I ain't kick you out even after I bust already  
You think that I'll choose another woman over you  
Fuck talkin', I'ma show youBaby take me serious (Fuck talkin', fuck talkin')  
Baby take me serious  
Baby take me serious (mm-hmm, mm-hmm, hmm)  
Baby take me serious  
Baby take me serious  
Baby take me serious (mm-hmm, mm-hmm, hmm)(Fuck talkin', fuck talkin', fuck talkin', fuck talkin')

(Fuck talkin', fuck talkin', fuck talkin', fuck talkin')
