

K.O. Puncher

Nick Szohner & The Jacknife Bandoleros

One week notice,against a title defender.
The bruises from my last fight have barely healed
and my knuckles are still tender.
The pay's not so good,and I've gotten no sparring in.
Yet all the same I'm still fixing to capture that win.

The kid is a monster.
He throws them like nobodies business,he's really busted me up.
I've got my back to the ropes,and I'm cut,but that's alright,I'm still going to belt him out.
Because...

It's drop them or be dropped,for the K.O puncher
