

Clap Again

Akon

Clap[2x]

Clap [2x]

Clap [3x]

Clap [2x]

Clap [3x]

Clap [2x]

[Verse 1]I'm like a bird and I am so high

In my lair looking at the blue sky

Can't let another day pass by

Without you knowing what I feel inside

Cause it's embedded in my soul

The day I stop will be the day I turn cold

Let you know I'm breaking out of that hole

And let go

[course]So I can be free

To do what means most to me

And you can look back one day and know I shared with you my gift

I hope you wouldn't think I just leave

Pack up and roll up my sleeve

Give it all up and live for nothing to take with me all I got to give

That's why

I just want to make you clap again

Just clap again

I just want to make you clap again

Just clap again

I just want to make you clap again

Just clap again

I just want to make you clap again

Just clap again

[Verse 2]So if your life is twisted and ain't going right

Let's forget about it tonight

I just want to make you happy baby

Dancing and clapping (dancin' and clappin')

Cause we plan to be here till the morning light

Can you feel the change in your life

And it feeling like magic baby

I'm the one that make it happen baby

[Course]So you can be free

To do what's what meant to be
And you can look back one day and know I shared with you my gift
I hope you wouldn't think I just leave
Pack up and roll up my sleeve
Give it all up and live for nothing to take with me all I got to give
I just want to make you clap again
Just clap again
I just want to make you clap again
Just clap again
I just want to make you clap again
Just clap again
I just want to make you clap again
Just clap again
Clap again
Just clap again
I just want to make you clap again
Just clap again
I just want to make you clap again
Just clap again
