I'm Money

Zebrahead

'Cuz I'm a user, a shmoozer, a big dollar loser
That doesn't matter 'cuz my friends call me a bruiser
And I, get chicks, so many chicks want me
'Cuz I'm not funny, honey, a big oafy dummy
That doesn't matter 'cuz my friends say I'm money
And I, get drunk, too many drinks want me
Yo, get out the get out the way of the money man
Ladies know I'm dope, so consider me contraband
Fella's are just jealous, 'cuz they're ponies and I'm mustang
Don't try to hang 'cuz I'm out with a big bang
Get get down, all the ladies wanna be with me
Get get down, all the fellas compete with me
Get get down, and I know that I'm trippin'
But I really don't care 'cuz this is how I'm livin'
All the ladies, all the ladies wanna know me
They ignore me, intimidated by me
All the fellas, all the fellas wanna be me
They ignore me, intimidated by me
All the ladies, all the ladies wanna know me
They ignore me, intimidated by me
All the fellas, all the fellas wanna be me
They ignore me, intimidated by me
Who needs them anyway
'Cuz I'm money
'Cuz I'm a user, a shmoozer, a big dollar loser
That doesn't matter 'cuz I drive a land cruiser
And I, get chicks, too many chicks want me
'Cuz I'm not funny, honey, a big oafy dummy
But that doesn't matter 'cuz you know I play with money
And I, get drunk, too many drinks want me
Got a time bomb, tick tick tickin' just like anthrax
Boyz wanna battle, so I bought me a battleaxe
Climax, your girl screams my name when we have sex
I should charge a sales tax, yeah
Get get down, all the ladies wanna be with me
Get get down, all the fellas compete with me
Get get down, and I know that I'm trippin'
But I really don't care 'cuz this is how I'm stickin'
All the ladies, all the ladies wanna know me

They ignore me, intimidated by me
All the fellas, all the fellas wanna be me
They ignore me, intimidated by me
All the ladies, all the ladies wanna know me
They ignore me, intimidated by me
All the fellas, all the fellas wanna be me
They ignore me, intimidated by me
Who needs them anyway
Well who needs them anyway
'Cuz I'm money
All the ladies, all the ladies wanna know me
They ignore me, intimidated by me
All the fellas, all the fellas wanna be me
They ignore me, intimidated by me
All the ladies, all the ladies wanna know me
They ignore me, intimidated by me
All the fellas, all the fellas wanna be me
They ignore me, intimidated by me
Everybody look at me, I'm pimp ass money
I know you wish, to get with this tonight
Everybody look at me, Flyer than Mr. T
I know you wish, to get with this tonight
Well who needs them anyway
Well who needs them anyway
'Cuz I'm money
Get get down, [Incomprehensible]
Get get down, to the pool with lot of money
Get get down, [Incomprehensible]
Get get down, I bring the static, Axl
