

# Settle the Score

## Smokey Folk

Let me tell you a story now  
About a girl that I used to know  
She had these big blue eyes,  
But her heart was as black as coal.

Well she drew me in  
With her darkest sin  
And her mesmerising ways.  
I didn't know what she had in store,  
But I would never be the same

Come close and take my hand  
Let me show you a thing or two  
Tonight will be the night  
That I make a man out of you.

Don't be shy  
Give me a try  
I promise you won't forget  
If you don't want to play my game,  
I'll rip out your heart instead.

She said "let's take a trip,  
I'll show you where the devil sleeps."  
Still with my heart in hand,  
She kicked me down to my knees  
Next thing I knew,  
From across the room  
Rose a man I'd never seen before  
He spread his wings  
And he looked at me  
And said "now it's time to settle the score"

Tell me why did you have to take me  
You have my heart but you cannot break me  
I think it's time that we settle this once and for all  
Said "I know what she's done to you,  
She took your heart but she has mine too"  
That's when she turned around and said  
"I want you both"

So look her in the eye

Til I'll be begging for more.  
Don't look so surprised  
It's time we settle the score  
It's time we settle the score  
It's time we settle the score  
It's time we settle the score
