

Heights

Common Crook

Said I been ripping through these lyrics, I been whipping through these words

Explain like physics leaving your vision blurred
All them righteous men there is no need to worry
Crush the wicked in my way with these fists of fury
I'm sorting rhymes all day
Everyday that's what I say
I come with consciousness as my sword I slay
All of them crazy murderers are bound to be prey
Knock, knock, socking evil man in a delay

chorus:

Said a moonlight enlighten my way
A twilight from the heights of my roof
Sing praise and poof
Looking up to the night

I ask for help to get up and get up and get up and get up and get it right.

said me no want no sensimilia, no it only brings me down

Burn away my brain, away my brain is too compound
Purifying my soul and elevating my sound
Like the son of a sun ray
Burning up through the clouds

Torah food for my brain let it rain till I drown
Thunder, let the blessings come down.

Said Torah food for my brain let it rain till I drown
Thunder, let the blessings come down.

L-rd You found my soul raised it up from the ground
Yeah You found my soul, raised it up from the ground

chorus:

Said a moonlight enlighten my way
A twilight from the heights of my roof
Sing praise and poof
Looking up to the night

I ask for help to get up and get up and get up and get up and get it right.

said I been ripping through these lyrics, I been whipping through these words

Explain like physics leaving your vision blurred
All them righteous men there is no need to worry
Crush the wicked in my way with these fists of fury

I'm sorting rhymes all day
Everyday that's what I say
I come with consciousness as my sword I slay
All of them crazy murderers are bound to be prey
Knock, knock, socking evil man in a delay
I'm dropping bombs on your moms yes unto your dismay
Open up a single way each and every day
I sit back relax and listen to the music play
With headphones on my ears yes I bob the head sway

-missing several lines-

chorus:

Said a moonlight enlighten my way
A twilight from the heights of my roof
Sing praise and poof
Looking up to the night
I ask for help to get up and get up and get up and get up and get it right.
