It's been awhile, since I had a love that's all mine uh
Niggas came to win and I wasted my time uh, ah
I'm maintaining screaming out fuck it I'll be fine uh
But I can't act like it don't ever cross my mind, mind I would give all this shit up
Just to stay home and be your wife
Fold some clothes give you what you like
Boy you just don't know You gon' luck up when you get it
Boy you better not miss it
Wanna give you all this love 'Cause when I find a man
He's gon' love me yeah
I'm gon' cater serve ya, give you what you deserve
He's gon' love me 'Cause when I find a man
He's gon' love me yeah
I'm gon' cater serve ya, give you what you deserve
He's gon' love me I'm gon' roll it up, back it up pour it how you like
Oh
Baby one hit, just might change your whole life
Oh boy
Baby I'm down to ride, I'm in the passenger side
Oh boy
This good love we got can't be denied
Uh ah I wanna give all this shit up
Just to come home to you at night
Don't care how I feel, I'll make sure you're right
You can have whatever you like You gon' luck up if you get it
Boy you better not miss it,
I'm gonna give you all this love 'Cause when I find a man
He's gon' love me yeah
I'm gon' cater serve ya, give you what you deserve
He's gon' love me 'Cause when I find a man
He's gon' love me yeah
I'm gon' cater serve ya, give you what you deserve

He's gon' love me, When I get a man Oh I will treat him like a king
He gon' be my everything
He gon' love the hell outta' me
Yeah I won't hold back anything
No more heartbreak, I got a new song to sing 'Cause when I find a man
He's gon' love me yeah (he's gonna love me)
I'm gon' cater serve ya, give you what you deserve
He's gon' love me (When I get a) man
He's gon' love me yeah
I'm gon' cater serve ya, give you what you deserve
He's gon' love me When I get a man Dark faded picture fell off the wall
Dropped to my knees, when I got that call
You aren't coming back,
Ran out of time
I'mma disaster, I need peace of mind I can't stay down, I gotta start now
To rebuild this house, that you tore down
Keep what I can, start from the ground
Look all around, where do I start
Gotta repair this heart I took some shots,
Tryna waste some time
I try to run, but you're runin' my mind
I'm on the ground, those ? House
Can't face no one, I'm such a coward I can't stay down, I gotta start now
To rebuild this house, that you tore down
Keep what I can, start from the ground
Look all around, where do I start
Gotta repair this heart recognize
