

Show Me A Sign

Breaking Point

Could you give me just some kind of sign
To let me know that I'm not wasting my time
I just need a reason to believe I've lost all visibility, 'cause I can't see
Just what you mean, by what you're telling me
Should I stay or go, do you even know
It's all a riddle to me Show me a sign and give me reason to believe
Don't waste my time, just give me some kind of sign
Show me a sign and give me reason to believe
Before this all just fades away Would you tell me cause I can't read your mind
I'm so lost but it's not that hard to find
I know exactly what you need It's become quite evident, just what you meant
I need to vent, well, here's my two cents
Don't leave me hanging on if you know its wrong
It's all a riddle to me Show me a sign and give me reason to believe
Don't waste my time, just give me some kind of sign
Show me a sign and give me reason to believe
Before this all just fades away Give me just some kind of sign
Cause I know that everything is changing
And I feel like you always leave me hanging
Don't leave me hanging on if you know its wrong Show me a sign and give me reason to believe
Don't waste my time, just give me some kind of sign
Show me a sign and give me reason to believe
Before this all just fades away Give me just some kind of sign
Before this all just fades away
