Fallen Off

Downset

Great perfection appears so defective, great fullness feels so very empty
Great sincerity at times seems so insincere, great triumph seems like such a loss, such a lossNo more excuses, what are you running away from?
Intoxicant platform, you grow increasingly numb
At once you're so alive, so aliveWhat up kid, you fallen off, what up kid, you fallen off, at once you're so alive, so alive, so alive, what up kid, you fallen off, what up kid, you fallen off, what up kid, you fallen off, what's up kid, you fallen offGreat perfection appears so defective, great fullness feels so very empty
Great sincerity at times seems so insincere, great triumph seems like such a loss, such a lossNo more excuses, what are you running away from?
Intoxicant platform, you grow increasingly numb
At once you're so alive, so alive, so alive, what up kid, you fallen off, what up kid, you fallen off, at once you're so alive, so alive, so alive, what up kid, you fallen off, what's up kid, you fallen off, what up kid, you fallen off, what's up kid, you fallen offYou fallen offYou fallen offAt once you're so alive, so alive, so alive, what up kid, you fallen off, what up kid, you fallen off, at once you're so alive, so alive, so alive, what up kid, you fallen off, what up kid, you fallen off, at once you're so alive, once you're so alive, once you're so alive, so alive, so alive, what up kid, you fallen off, what up kid, you fallen off, what up kid, you fallen off, what's up kid, you fallen off
